

Thank you for trusting us with your child's health.

**We have an easy, and secure way** for you to log in to the Patient Portal.

### What You Need to Do – Two Simple Options

#### If you have received Emailed Instructions:

1. Open the email from HFAAlerts@nextgen.com and click the registration link (expires in 24 hours).
2. Create a username and password.
3. Select and answer a security question.
4. Review and accept the user agreement.
5. Click **Update Account**.
6. Log in with your new username and password.
7. Click **Login**

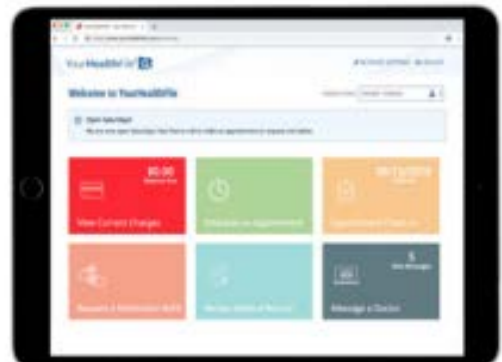

#### If we have printed Instructions for you:

1. Go to <https://www.mckinneypediatrics.com>
2. Click **Patient Portal**.
3. Look for the Login box. Click **Activate your account here** above the User Login. An Account Activation screen will display
4. Enter your temporary username and password.
5. Enter your child's date of birth.
6. Click **Activate Account**.
7. The Update Account screen will display and you will be able to create your desired username and password.
8. Enter your email address.
9. Select and answer a security question.
10. Review and accept the user agreement.
11. Click **Update Account**.
12. Log in with your new username and password.
13. Click **Login**.
